

SIDESHOW ANNIE

This Circus of musicians magically weave slide, electric guitar & harp with a good solid groove. SideShow Annie has been classified as roots rock with threads of blues and country. Fronted by the flamboyant Gillian Reynolds who's voice is as smooth as silk and at times as rough as an uncut diamond, this five piece original roots rock band should be seen, always heard and never missed.

So do yourself a favor, don't miss this Sideshow!
